

## [KO] RBBP7 Mouse mAb

ABZ1174

### Product Overview

|                             |                                                                             |
|-----------------------------|-----------------------------------------------------------------------------|
| <b>Name</b>                 | [KO] RBBP7 Mouse mAb                                                        |
| <b>Accession(Primary)</b>   | Q16576                                                                      |
| <b>Host Species</b>         | Mouse                                                                       |
| <b>Isotype</b>              | IgG1                                                                        |
| <b>Immunogen</b>            | Full length human recombinant protein of human RBBP7 produced in 293T cell. |
| <b>Species Reactivity</b>   | Rat                                                                         |
| <b>Calculated MW</b>        | Calculated MW: 48 kDa; Observed MW: 48 kDa                                  |
| <b>Recommended Dilution</b> | WB: 1/500-1/1000                                                            |

### Target information (Q16576)

|                          |                                                                                                                                                                                                                                                                 |
|--------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Gene Name</b>         | RBBP7                                                                                                                                                                                                                                                           |
| <b>About Gene Symbol</b> | RBBP7 (RB Binding Protein 7, Chromatin Remodeling Factor) is a histone acetyltransferase involved in chromatin remodeling and epigenetics. It is an important research target in metabolic disease, cancer metabolism, and drug discovery and is widely studied |
